Chapter 1. NVIDIA DesignWorks SDK License

This license is a legal agreement between you and NVIDIA Corporation ("NVIDIA") and governs the use of a NVIDIA DesignWorks software development kit made available to you under this license (the "SDK").

This license can be accepted only by an adult of legal age of majority in the country in which the SDK is used. If you are under the legal age of majority, you must ask your parent or legal guardian to consent to this license. If you are entering this license on behalf of a company or other legal entity, you represent that you have legal authority and "you" will mean the entity you represent.

By using the SDK, you affirm that you have reached the legal age of majority, you accept the terms of this license, and you take legal and financial responsibility for the actions of your permitted users.

You agree to use the SDK only for purposes that are permitted by (a) this license, and (b) any applicable law, regulation or generally accepted practices or guidelines in the relevant jurisdictions.

1. LICENSE. Subject to the terms of this license, NVIDIA hereby grants you a non-exclusive, non-transferable license, without the right to sublicense (except as expressly provided in this license) to:
   a. Install and use the SDK,
   b. Modify and create derivative works of sample source code delivered in the SDK, and
   c. Distribute any sample source code delivered in the SDK and derivative works of such sample source code, as incorporated in object code format into a software application subject to the distribution requirements indicated in this license.

2. DISTRIBUTION REQUIREMENTS. These are the distribution requirements for you to exercise the grants above:
   a. An application must have material additional functionality, beyond the included portions of the SDK.
   b. The distributable portions of the SDK shall only be accessed by your application.
c. The following notice shall be included in modifications and derivative works of source code distributed: “This software contains source code provided by NVIDIA Corporation.”

d. You agree to distribute the SDK subject to the terms at least as protective as the terms of this license, including [without limitation] terms relating to the license grant, license restrictions and protection of NVIDIA’s intellectual property rights. Additionally, you agree that you will protect the privacy, security and legal rights of your application users.

e. You agree to notify NVIDIA in writing of any known or suspected distribution or use of the SDK not in compliance with the requirements of this license, and to enforce the terms of your agreements with respect to the distributed portions of the SDK.

3. AUTHORIZED USERS. You may allow employees and contractors of your entity or of your subsidiary(ies) to access and use the SDK from your secure network to perform work on your behalf. If you are an academic institution you may allow users enrolled or employed by the academic institution to access and use the SDK from your secure network. You are responsible for the compliance with the terms of this license by your authorized users.

4. LIMITATIONS. Your license to use the SDK is restricted as follows:

a. You may not reverse engineer, decompile or disassemble, or remove copyright or other proprietary notices from any portion of the SDK or copies of the SDK.

b. Except as expressly provided in this license, you may not copy, sell, rent, sublicense, transfer, distribute, modify, or create derivative works of any portion of the SDK. For clarity, you may not distribute or sublicense the SDK as a stand-alone product.

c. Unless you have an agreement with NVIDIA for this purpose, you may not indicate that an application created with the SDK is sponsored or endorsed by NVIDIA.

d. You may not bypass, disable, or circumvent any technical limitation, encryption, security, digital rights management or authentication mechanism in the SDK.

e. You may not use the SDK in any manner that would cause it to become subject to an open source software license. As examples, licenses that require as a condition of use, modification, and/or distribution that the SDK be: (i) disclosed or distributed in source code form; (ii) licensed for the purpose of making derivative works; or (iii) redistributable at no charge.

f. You acknowledge that the SDK as delivered is not tested or certified by NVIDIA for use in connection with the design, construction, maintenance, and/or operation of any system where the use or failure of such system could result in a situation that threatens the safety of human life or results in catastrophic damages [each, a “Critical Application”). Examples of Critical Applications include use in avionics, navigation, autonomous vehicle applications, ai solutions for automotive products, military, medical, life support or other life critical applications. NVIDIA shall not be liable to you or any third party, in whole or in part, for any claims or damages arising from such uses. You are solely responsible for ensuring that any product or service developed with the SDK as a whole includes sufficient features to comply with all applicable legal and regulatory standards and requirements.

g. You agree to defend, indemnify and hold harmless NVIDIA and its affiliates, and their respective employees, contractors, agents, officers and directors, from and against any and all claims, damages, obligations, losses, liabilities, costs or debt, fines, restitutions and expenses (including but not limited to attorney’s fees and costs incident to establishing the right of indemnification) arising out of or related to products or services that use the SDK in or for
Critical Applications, and for use of the SDK outside of the scope of this Agreement or not in compliance with its terms.

5. UPDATES. NVIDIA may, at its option, make available patches, workarounds or other updates to this SDK. Unless the updates are provided with their separate governing terms, they are deemed part of the SDK licensed to you as provided in this license. You agree that the form and content of the SDK that NVIDIA provides may change without prior notice to you. While NVIDIA generally maintains compatibility between versions, NVIDIA may in some cases make changes that introduce incompatibilities in future versions of the SDK.

6. PRE-RELEASE VERSIONS. SDK versions identified as alpha, beta, preview, early access or otherwise as pre-release may not be fully functional, may contain errors or design flaws, and may have reduced or different security, privacy, availability, and reliability standards relative to commercial versions of NVIDIA software and materials. You may use a pre-release SDK version at your own risk, understanding that these versions are not intended for use in production or business-critical systems. NVIDIA may choose not to make available a commercial version of any pre-release SDK. NVIDIA may also choose to abandon development and terminate the availability of a pre-release SDK at any time without liability.

7. COMPONENTS UNDER OTHER LICENSES. The SOFTWARE may include NVIDIA or third-party components with separate legal notices or terms as may be described in proprietary notices accompanying the SOFTWARE, such as components governed by open source software licenses. If and to the extent there is a conflict between the terms in this license and the license terms associated with a component, the license terms associated with the components control only to the extent necessary to resolve the conflict.

You acknowledge and agree that it is your sole responsibility to obtain any additional third-party licenses required to make, have made, use, have used, sell, import, and offer for sale your products or services that include or incorporate any third-party software and content relating to audio and/or video encoders and decoders from, including but not limited to, Microsoft, Thomson, Fraunhofer IIS, Sisvel S.p.A., MPEG-LA, and Coding Technologies. THE NATURE OF THE LIABILITY OR THE NUMBER OF CLAIMS OR SUITS SHALL NOT ENLARGE OR EXTEND THIS LIMIT.

12. **TERMINATION.** Your rights under this license will terminate automatically without notice from NVIDIA if you fail to comply with any term and condition of this license or if you commence or participate in any legal proceeding against NVIDIA with respect to the SDK. NVIDIA may terminate this license with advance written notice to you, if NVIDIA decides to no longer provide the SDK in a country or, in NVIDIA’s sole discretion, the continued use of it is no longer commercially viable. Upon any termination of this license, you agree to promptly discontinue use of the SDK and destroy all copies in your possession or control.
